Avena 229, the **basic cordless** telephone

The Avena 229 is reliable and very easy to use. This new telephone generation is able to offer you a product that meets all the requirements of a cordless telephone. The navigation key and the large range of functions makes the Avena 229 very comfortable to use. Thanks to swissvoice fulleco technology, radiation and power consumption are minimised – allowing you not only to cut phone costs but also do something for the environment. The Avena 229 is perfect for everyone in search of an easy-to-understand and user-friendly device.
